We will have classes that will be able to sit and watch the first or the second act. We will provide a list . Parents are not permitted backstage, so please send your child with everything they need. A SDC staff member will escort your child into the performer's entrance. For the safety of your children the backstage doors will be locked during the recital. All parents are asked to stay in the theater after the recital. The students will be brought back on stage to be released to the parents following the finale. We will be calling out the children's name one by one and an adult is to come to the stage to pick up their child. All dancers will have all their belongings with them at this time.

All dancers must have the correct shoes and tights!

No jewelry, chewing gum, nail polish or underwear(for girls) are allowed while in costume.

Hair and Makeup Instructions for all dancers

All dancers- hair part on left side and pulled back in a secure bun. Please use a hairnet and lots of bobby pins. No loose messy buns please. Bun should be high on the head. Bun donuts are great and easy to use.

If your child's costume has a hair piece it goes on the right side of their head.

Makeup

Dancers need to wear black or grey eyeliner, black mascara, tan or brown eye shadow, pink blush or bronzer, and pink lipstick. No other colors please! Makeup must be applied at home and is required for both dress rehearsal and the show. Makeup is not needed for blocking rehearsal. No eye makeup needed for kinderdance classes.

Costume Sewing

Some manufacturers require a little finishing work (straps, arm bands) to ensure a perfect fit. If your child's costume requires sewing....please sew it! Tying straps could lead to a dancers top falling off. Pinning could also have tragic results....hard to dance while being jabbed with a pin! If you cannot sew, Natone Dry Cleaners has a great seamstress.

Earrings and Tights

Please remember to wear your SDC earrings. Make sure you have the correct tights without holes. Girls, no underwear with your tights and wear the correct undergarments under your costume, bra straps are not allowed to show unless they are clear. We recommend for any student with multiple changes you purchase a nude colored bodysuit to wear under costumes. This makes for quick easy changes, there also isn't too much privacy backstage.

I am looking forward to a wonderful show this year! All the students have been working very hard and I am proud of them!!

Thank You,

Miss. Kerri
